

Dear Prospective Contributor:

Hello. My name is Ashton Venters and I am a representative for the I Believe Nonprofit Organization. This year our organization is striving to continue to compete in AAU basketball. This letter is to inform you about our organization and to request your help.

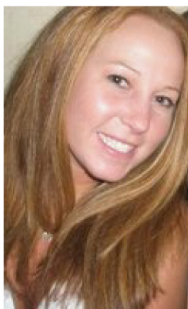

I Believe is a comprehensive competitive sports and academic program that focuses on the development and promotion of the academic, social, and physical skills of at-risk youth through sports to prepare them to be productive adults in the 21st century. Not only will your donation be helping children enjoy the sports they love, but you are also paving the way for kids who have not had the chance to exhibit their talents. Our organization gives all youth a chance to develop academically and socially. We offer tutoring to our participants as well as an opportunity to compete in tournaments across the region. We are striving to create productive student-athletes that will better our world as youth and adults.

Please consider donating to our organization. We are in need of money to buy uniforms, sponsor players, pay tournament fees, and expand our organization. Your donation will be tax deductible and it will not go underappreciated. We appreciate your time.

Please make checks payable to: I Believe

Sincerely,  
Ashton Venters
